A-LEVEL RESULTS 15th August 2019

Well done to our A-level students, most of whom are happy with their results and are now able to proceed to their first choice university. Here are a few comments from them.

L M achieved A and B grades for maths and physics, which is a great result after taking two years out from education.

"Hi Adrian. So happy with my results - a massive thanks to you once again for being such a great teacher, I really enjoyed your lessons. Hope you're having a fantastic summer!" L M

T R achieved two B grades after taking A-levels for the first time, on our one year course.

"Thanks a lot for the great year and all the help throughout." T R

S C got into her first choice university (Reading), after taking A-levels in Biology, chemistry and psychology on our one year course. She came to us after partial completion of a similar course at school, which unfortunately had not worked out. This comment is from her mum.

"Good morning Adrian, we hope it has been a successful one for your students. Sarah is in at Reading, which is great. Look forward hearing from you." J C
